Office of the Superintendent

Dear Parents and Students:

Welcome to Pomerene Elementary School! We are a small school with a proud tradition and we are excited to have you join the Panther team. We look forward to a wonderful year and encourage you to become actively involved in your child's education.

At Pomerene Elementary School it is our mission to provide a safe and welcoming learning community to each of our students. Understanding this, we have put together this handbook of expectations to help you prepare for the upcoming school year. This document covers many of the issues that arise at school on a daily basis, but is not to be considered an all-inclusive document. We know that often school can be challenging in and of itself and the success of each student is our first priority. With this in mind we believe that success is built from clear expectations. We would ask that you would take time to review the expectations of Pomerene Elementary School in this student handbook. This will serve as a valuable reference for you throughout the year.

At Pomerene Elementary School we take pride in our past and honor the traditions of excellence established by our students and staff. It is my desire to continue to have you and your children work with us to build these traditions for future Panthers to aspire to. Good luck to each of you throughout the school year and may you reach your highest potential.

Sincerely,

Michael L. Sherman

Pomerene School District is a welcoming school community whose mission is to provide an engaging and safe learning environment, emphasizing quality education and traditional values that prepare students to seize opportunities for success.

- We embrace the time-honored values of Honesty, Respect, Responsibility, and a strong work ethic. These traditional values are cherished by our community, have served us well in the past and are important to our future.
- We are constantly seeking better and more efficient ways to accomplish our mission. We are never content with the status quo in our operations or in our curriculum. Our programs must provide real life and practical experiences that prepare students for the demands of change.
- Transparency is essential. We are committed to communication characterized by mutual respect between students, staff, and parents. A home/school/ community partnership with open communication is critical to building and maintaining healthy, productive relationships.
- Our facilities and technology should reflect the high value we place on education. We take pride in a campus that is safe, attractive and welcoming.
- Our school belongs to the community. It is the hub for cooperation, partnerships and ties to past generations. We actively seek to make the school accessible to the community and responsive to their needs.
- Student activities are essential. Participation in field trips, student organizations, as well as athletic and academic competitions enriches a child's educational experience. These activities provide opportunities for teamwork and the development of leadership skills.

Nine Week Period:

Period Ends On:

1st Nine Weeks	September 29, 2023

PROMOTION/RETENTION

Arizona State Law requires the classroom teacher to make the decision regarding promotion or retention of a child after a year's instruction. The teacher will contact the parent regarding the possibility of retention in mid-January if need exists. The teacher and parent then will work with the student in order to develop avenues that encourage success. If this effort fails, the teacher will contact the parents in May to notify them of the decision.

If parents disagree with the teacher's decision regarding promotion/retention, they may appeal the decision. This procedure involves contacting the principal and petitioning the School Board to reverse the teacher's decision. State Law states that only the local Board of Education can overturn a teacher's retention/promotion decision.

STUDENT RECORDS

Pomerene Elementary School shall maintain current, clear, and accurate records on all students in attendance. Uniform procedures shall govern the collection, maintenance, storage, examination, transmittal, and destruction of all student records and any information included therein. Information regarding the handling of student records can be found under policy (J-7061 JR-R)

Only information deemed necessary to the welfare of students and orderly operation of schools, or that information required by law and regulation, shall be included in the student's official school records. Student records are the property of the school district; however, they will be available for inspection and review by parents in an orderly and timely manner and in accordance with established district policy, regulations and procedures. Parents, guardians or eligible students may challenge inclusion in a student's records of any information which is believed to be inaccurate, misleading, or in violation of the student's privacy or other rights. These persons may request deletion or modification of their records or enter in the records their statements of clarification or explanation.

All information relating to individual students shall be deemed confidential and will be released to another organization or agency or to an individual only upon the signed, written, dated request of the parent, guardian, or eligible student except as otherwise provided by law and regulation.

POWERSCHOOL

Pomerene School District utilizes the PowerSchool system for the purpose of student data management. Students and parents have access to their own individual student information via the Internet. Your login information is included on your child's progress report or you may call the school office for assistance.

ATTENDANCE POLICY

RAISING EXPECTATIONS

At Pomerene School District we embrace the time-honored values of Honesty, Respect, Responsibility, and a strong work ethic. These traditional values are cherished by our community, have served us well in the past and are important to our future. As the governing board we want the community and staff to know we are 100% behind student success and feel it to be important to “Raise Expectations”

Additionally, attendance is essential for student success. When students miss school, they miss educational opportunities. Teachers plan lessons weekly. They use assessment information to help them plan lessons that are targeted toward helping all children experience growth. When a student is absent, they miss a large chunk of learning. It is essential that students attend school every day they are healthy. The law is very specific on how schools are to respond to excessive absences or tardies, also known as truancy.

Specifically, the laws states: “It is unlawful for any child between six and sixteen years of age to fail to attend school during the hours school is in session...” Additionally, “a child who is habitually truant or who has excessive absences may be adjudicated an incorrigible child as defined in section 8-201. Absences may be considered excessive when the number of absent days exceeds **10%** of the number of required attendance days prescribed in section 15-802, subsection B, paragraph 1.... Habitually truant means a truant child who is truant for at least five school days within a school year. Truant means an unexcused absence for at least one class period during the day. Truant child means a child who is between six and sixteen years of age and who is not in attendance at a public or private school during the hours that school is in session, unless excused as provided by this section. SS: 15-803 (A)

- (B) (C) (1,2,3) A parent.... who ...fails to ensure that the child attends a public, private or charter school pursuant to this section is guilty of a class 3 misdemeanor.” SS: 15-802(A) (B) (1) (E) Further, an attendance officer may “issue a citation to an adult or child who is alleged to be in violation of laws specific in subsection A of this section to appear before a court of competent jurisdiction and shall advise the person to whom the citation is issued that failure to appear at the time and place specified in the citation may result in the issuance of a warrant for the person’s arrest. SS 15-805 (B) (1)

The Pomerene Unified School District believes that for students to complete schoolwork satisfactorily, they must maintain a good attendance record. The framework of our “Raising Expectations” document has outlined our expectation for attendance. Each student is expected to be in attendance at school every day school is in session.

ATTENDANCE REGULATIONS

School law and regulations passed by the legislature and revised by the State Board of Education make it mandatory that all public schools list and report to the State Board the reasons for student absences. To comply with this regulation, we request:

- All absences are reported to the school office 520-586-2407 prior to 9:30 AM. Parents may report such absences by calling the office each day the child is absent.
- An absence is considered unexcused if a student is absent from any class or day without parental or official school consent.
- Should your child be absent from school you will receive notification from the school through our Alert Now System. If you receive a reminder call, please contact the school immediately to report absence.

Pomerene Elementary School recognizes the following excuses for absence:

1. Personal illness of the student.
2. Medical and Dental Appointments
3. Legal Appointments/Proceedings
4. Emergency family situation
5. Participation in school events
6. Family Business

EXCUSED ABSENCES

If it is necessary to be excused for a day or more the parent must contact the office. When possible, please contact the office prior to the absence. The contact can be made by phone, a note, or in person. If a note is sent it should contain:

1. A date.
2. Identify the student.
3. Give the length of the absence.
4. State the reason for the absence.
5. Signed by the parent or guardian.
6. A phone number, if the parent is not going to be at home, where contact with the parent can be made.

If it is necessary to be excused during the day, the student should bring a written parental request and give it to their teacher, or call the office, before the absence occurs.

When it is necessary for the parent to take a student out of school during the day the parent should check in the office prior to taking the child out of school.

We realize that there are valid reasons for students being absent. Students are expected to make up missed schoolwork. A reasonable length of time (usually two school days) will be given to a student to make up missed work. Absences of longer duration than two or three school days may result in the necessity for a parent-student-teacher conference in order to determine an equitable time in which missed schoolwork should be made up.

These procedures are necessary for the protection of the student and help the school fulfill their responsibility.

TARDINESS

We are working diligently to ensure that students are in class daily and on time. This is critical for each student in order to have continued success in his or her academic career. When a student is late or absent, it not only disrupts the student's learning but it disrupts all students' learning and the classroom teacher.

1. If you are late anytime, go directly to the Main Office for a tardy admittance slip.
2. Students will be given an admittance slip marked Excused* or Unexcused before being allowed in class. Students must give the slip to the teacher to be admitted to class.

*Excused tardies are medical and school-related (late bus, teacher detained, Administration Office Business) only. Certain lenience may be given to extenuating circumstances.

STUDENT CONDUCT AND DISCIPLINE

It is the responsibility of the parents to ensure their children conduct themselves in a manner conducive to obtaining the best possible education while attending Pomerene Elementary School. While everyone has the right to an education, none of us has the freedom to infringe on the rights and privileges of others by conducting ourselves in a manner that deprives others of an education.

Specific regulations regarding student conduct and discipline established under board policy are necessary to insure the most productive atmosphere for learning, to assist students in developing responsibility and respect for the rights of others and to guide needed disciplinary actions when infractions occur.

Although expulsion from the public school or suspension for a sufficiently long period of time is extremely severe, such actions may be recommended by the principal to the Governing Board in the event of very serious and repeated violations. Should expulsion or long-term suspension become necessary, every effort will be made to follow due process in an attempt to safeguard the rights of all involved parties.

All incidents, both minor and major, will be thoroughly investigated in an attempt to acquire as complete a picture as possible of what actually happened before determining what, and if, disciplinary action is necessary.

PURPOSE OF STUDENT CONDUCT POLICY

To maximize educational opportunities available to all students, and to ensure operation of an orderly, successful school, all students are required to comply with certain standards of behavior. The purpose of this policy is to define conduct that may result in discipline of a student.

RIGHTS AND RESPONSIBILITIES:

All students are entitled to enjoy the basic rights of citizenship that are recognized and protected by laws of this country and state for persons of their age and maturity. Each student is obligated to respect the rights of classmates, teachers, and other school personnel. District schools shall foster a climate of mutual respect for the rights of others. Such an environment will enhance both the educational purpose for which the district exists and the educational program designed to achieve that purpose.

All District personnel shall recognize and respect the rights of students, just as all students shall exercise their rights responsibly, with due regard for the equal rights of others and in compliance with rules and regulations established for the orderly conduct of the educational mission of the district. Students who violate the rights of others or who violate rules and regulations of the district or of their school are subject to appropriate disciplinary measures designed to correct their own misconduct and to promote adherence by them and by other students to the responsibilities of citizens in the school community.

The following basic guidelines of rights and responsibilities shall not be construed to be all-inclusive, nor shall it in any way diminish the legal authority of school officials and the Governing Board to deal with disruptive students.

RIGHTS

- Students have the right to a meaningful education that will be of value to them for the rest of their lives.
- Students have the right to a meaningful curriculum and the right to voice their opinions, through representatives of the student government, in the development of such a curriculum.

- Students have the right to consultation with teachers, counselors, administrators, and anyone else connected with the school if they so desire, without fear of reprisal.

- Students have the right to be aware of administrative and/or faculty committee decisions and to be aware of the policies set forth by the Governing Board and school.
- Legal guardians or authorized representatives have the right to see the personal files, cumulative folders, or transcripts of their children who are under the age of 18 years. School authorities may determine the time and manner of presentation of this information.
- Student's academic performance shall be the prime criterion for academic grades; however, compliance with school rules and regulations may also affect grades.
- Students shall not be subjected to unreasonable or excessive punishment.
- Students have the right to be involved in school activities, provided they meet the reasonable qualifications of sponsoring organizations, state organizations, and school regulations.

RESPONSIBILITIES

- Students have the responsibility to respect the rights of all persons involved in the educational process and to exercise the highest degree of self-discipline in observing and adhering to school rules and regulations.
- Students have the responsibility to take maximum advantage of the educational opportunities available and seek to achieve a meaningful education.
- All members of the school community, including students, parents, and school staff members, have the responsibility to promote regular attendance at school.

- Students have the responsibility to protect school property, equipment, books and other materials issued to or used by them in the instructional process. Students will be held financially responsible for any loss or intentional damage caused to school property.
- Students have the responsibility to complete all course assignments to the best of their ability and to complete make-up work after an absence.
- Students have the responsibility to help maintain the cleanliness and safety of the school buildings and property.
- Students have the responsibility to present themselves in class at the prescribed time and with the necessary materials.

DRESS CODE

Pomerene School encourages students to take pride in their attire as it relates to the school setting. Students are expected to adhere to standards of dress and appearance that are compatible with an effective learning environment. Students dressed in a way that is considered to be disruptive, provocative, revealing, profane, vulgar, offensive or obscene, or which endangers the health or safety of the student or others is prohibited.

The following will serve as guidance for attire that would be considered inappropriate:

- Exposed undergarments.
- Sagging pants.

Exceptions for special activities or health considerations may be pre-approved by the administrator.

If a student's dress or appearance is such that it constitutes a threat to the health or safety of others, distracts the attention of other students or staff from their work, or otherwise violates this dress code, the principal or principal's designee may require the student to change his or her dress or appearance. A second or repeated violation of this policy may result in disciplinary action

TEMPORARY REMOVAL:

Teachers are authorized to temporarily remove a student from a class. A teacher may temporarily remove a student to the principal, or to a person designated by the school administrator, in accord with:

- Rules established for the referral of students.
- The conditions of A.R.S. 15-841, when applicable.

The Superintendent shall establish such rules as are necessary to implement the temporary removal procedure.

Threatened an Educational Institution means to interfere with or disrupt an educational institution as found in A.R.S. 15-841 and 13-2911. A student who is determined to have threatened an educational institution shall be expelled from school for at least one year except that the district may modify this expulsion requirement for a pupil on a case-by-case basis and may reassign a pupil subject to

expulsion to an alternative education program if the pupil participates in mediation, community service, restitution or other programs with the student as a condition to the reassignment of the pupil to an alternative education program.

Information concerning a student's disciplinary record will be held in the strictest confidence.

Disciplinary actions taken will be recorded in an administrative log, and all types of suspensions or expulsions will be recorded in a separate file for each student.

DISCIPLINARY PROCEDURES

1. Student behavior which is not conducive to the learning process will be dealt with using the Assertive Discipline Program.
2. Offenses shall be categorized as Level I, II, or III, infractions and each will follow a sequence of consequences.
3. Offenses dealing with tardies, unexcused absences, being off campus without permission, and violations of bus rules will be handled through the office in accordance with our "Raising Expectations" document.

The purpose of the Pomerene School Discipline plan is to change or modify student behavior so that the student can achieve success in school-time activities as well as future pursuits.

STUDENT BULLYING/HARASSMENT/INTIMIDATION

The Governing Board of the Pomerene School District believes it is the right of every student to be educated in a positive, safe, caring, and respectful learning environment. The Board further believes a school environment inclusive of these traits maximizes student achievement, fosters student personal growth, and helps students build a sense of community that promotes positive participation as members of society.

The District, in partnership with parents, guardians, and students, shall establish and maintain a school environment based on these beliefs. The District shall identify and implement age-appropriate programs designed to instill in students the values of positive interpersonal relationships, mutual respect, and appropriate conflict resolution.

To assist in achieving a school environment based on the beliefs of the Governing Board, bullying, harassment or intimidation as defined by this policy will not be tolerated.

Students and others may report hazing to any professional staff member. Professional staff members must report the incident to the school administrator or next higher administrative supervisor, in writing, with such details as may have been provided. A failure by a staff member to timely inform the school administrator or next higher administrative supervisor of a hazing allegation or their observation of an incident of hazing may subject the staff member to disciplinary action in accord with school policies. The professional staff member receiving the report/complaint shall retrieve sufficient detail from the person to complete the form designated for such purpose. At a minimum the report/complaint shall be put in writing containing the identifying information on the complainant and such specificity of names, places and times as to permit an investigation to be carried out. When a professional staff member receives the information, the staff member will transmit a report to the school administrator or supervising administrator not later than the next school day following the day the staff member receives the report/complaint.

The report/complaint will be investigated by the school administrator or a supervising administrator. The procedures to be followed are:

- A. An investigation of the reported incident or activity shall be made within ten (10) school days when school is in session or within fifteen (15) days during which the school offices are open for business when school is not in session. Extension of the time line may only be by necessity as determined by the Superintendent.
- B. The investigator shall meet with the person who reported the incident at or before the end of the time period and shall discuss the conclusions and actions to be taken as a result of the investigation. Confidentiality of records and student information shall be observed in the process of making such a report.
- C. The investigator shall prepare a written report of the findings and a copy of the report shall be provided to the Superintendent.

All violations of Policy JICFA and this exhibit shall be treated in accord with the appropriate procedures and penalties provided for in school policies related to the conduct and discipline of students, staff, and others.

GENERAL GUIDELINES

VISITORS

All visitors must check in at the office and obtain a visitor's pass. Parents wishing to visit a class should try to make prior arrangements but are welcome any time.

TEXT BOOKS

All basic texts are loaned to the students for their use during the school year. Workbooks and other supplies are also distributed for student use. Students will be required to pay for lost or damaged textbooks.

HOMEWORK

The professional staff of Pomerene Elementary School recognizes the academic value of consistent and meaningful homework. Homework that is at the appropriate level of difficulty for the learner can contribute to an increase in the acquisition of skills, organizational ability and to the development of individual responsibility.

Our teachers will regularly assign appropriate homework that will reflect the students' established curriculum and classroom emphasis. Homework will be collected and will be reflected as part of the system of evaluating and reporting to parents.

AFTER SCHOOL HOURS

Students are not to remain on campus after the buses depart unless they are participating in a scheduled activity.

TOYS/PERSONAL ITEMS AT SCHOOL

Classrooms have educational games, playground equipment, soccer balls, jump ropes, and the like that are available for use at recess. Please ask your child to leave all toys, shoes with wheels, skateboards AND ELECTRONIC DEVICES AT HOME. Often times the student is more than tempted to play with his/her toy during class work. Disagreements between children often occur as a result of students bringing their favorite things to school.

"Show and Tell" activities are often seen by the children as good reasons to bring a toy or a collection of toys to develop skills by speaking before his/her peers. Parents and students need to know your teacher's policy on "toys" as a topic for such discussion.

Remember: Toys are allowed at school only with teacher's approval and for "Show and Tell".

CELL PHONES AND OTHER ELECTRONIC DEVICES

All cell phones, and other electronic devices must be turned off and placed in the student's backpack while on school grounds or on the bus. District Employees are authorized to confiscate electronic devices that are used in a manner that violates the privacy of

others or disrupts the school's objective of providing a safe and orderly learning environment for all students. Cell phones and other electronic devices may be used only at the discretion of the teacher or other school authorities.
